Hey Michelle,

I spoke with Jason Theune yesterday (8-25-14) and informed him of the situation with the Library Board appointments. I asked him if he intended to stay on the Board as he hasn't been at the last 2 meetings. He informed me that we could take him off of the board because he is busy with the Rescue Squad and the meetings generally fall on the same night as squad meetings. I told him that I didn't want to push him out and he said no he understands that and is willing to step down. I told him that he could drop me a note resigning or that I can just take the conversation as a verbal resignation.

Thanks ~Cindy
